Stormwater Management In Greenville County:

Where It's Going and Why It Matters

Greenville County is upgrading its stormwater program. From higher water quality standards to a more streamlined administrative structure, several changes are right around the corner. This one-day event is your best opportunity to learn about what's in store and prepare to work effectively within these new requirements.

Wednesday, May 30, 2007

8:30 - 5:00

Younts Conference Center, Furman University
3300 Poinsett Hwy.
Greenville, SC 29613
